DR. F. B. WALTON TENPERS HIS SERvices to the public in the treatment of the diseases of females. So obscure are many of these, so capticious in their manifestations, so perfectly co they simulate other diseases, that their true character is often overlooked or mistaken; prominent among these are, Neuralgia Dyspessa, that condition of the system commonly called Nervous or Ruemmatic, and General Debillty, this last is too often but a symptom of some insidious disease which is sapping the foundations of life. To become expert in the desection of these and skillind in their treatment, requires more labor and research than the general practitioner can bestow. These facts indused him to devote himself to this branch of the profession exclusively. To those interested he would state that be has had the advantage of the best medical schools and extensive hospitals of America: also a practice of more than twenty years in this his militor State and in the tropics, where such diseases most abound. He is permitted also to refer to Ira. Pluman and Hopson, gantlemen who stand deservedly high in the profession. Office, No. Sci. Main street. Residence, No. 291 Linden street, Memphis, Tenn.
